

# SMILE CLUB

## OUR EXCLUSIVE IN-HOUSE SAVINGS PLAN

At Zeis Dental, we recognize the difficulties patients face when looking for quality dental care. That is why we offer our patients an exclusive in-house savings plan as an alternative to traditional dental insurance. Our Smile Club will provide members with their preventative needs, in addition to receiving 12% off any restorative and cosmetic service.

Membership to the club is offered throughout the year based on the calendar year. There are **no waiting periods, no deductibles and no annual maximums**. Membership fees are due at the time of enrollment and any unused benefits cannot be carried over to the next year. We offer an array of packages based on your dental needs and history.
